New construction

In constructing a new Kinney Drug Store on the site of a former auto junkyard, Washington St. Partners sought to enhance this scenic town on Cayuga Lake and give its residents a suitable retail business through smart growth. We conducted considerable research to find the location and worked with local, regional and state municipalities to obtain all required permits and approvals. We remained sensitive to the residents' concerns and worked with their architects, engineers and the municipality to effectively accommodate Kinney's desires while designing a project that the community supported.
